## Blastrac BS75

- Working width : From 152 to 305 mm according to Blade
- Working areas :
- Indoor and outdoor medium size floor renovation jobs (hotels, cinemas, schools, hospitals, supermarkets, sport centres, private houses, administrative buildings ...)
- Motor power : 1,1 kW
- Scope of supply :
- Stripper BS110 / Starting kit (4 different blades, Extension cable 10 m, Tool kit) / User manual
- Optional starting kit :
- Additional front weight (20kg) and side weights (2x 18kg) / Swivel head, to allow blade to stay in contact with the floor / Many other blades and tools available
  - Please contact your Blastrac Expert for these options

## Main assets :

- Self-propelled
- Hydraulic technology (fluid drive)
- Forward and backward function, variable speed
- Operator and environment friendly : very low noise level allowing use during working hours with people around, easy to use, no vibrations
- Very high output compared to manual solution, fast return on investment
- Adjustable handle position : can go below fixed obstacles (radiator ...)
- Small and compact equipment : easy transportation to jobsite
- Virtually maintenance-free hydraulic components
- Durable construction, designed for heavy duty applications

## Industry working areas

Industrial flooring

Decontamination
